why travel with World Expeditions?

World Expeditions pioneered trekking on the Larapinta Trail in 1995. We are the originals and have been the number one operator of Larapinta Treks ever since. World Expeditions own and operate our exclusive Larapinta Trek program, so we can offer unmatched experience, exceptional value and a huge range of dates, itineraries and private group trips. The Larapinta Trail has grown to be our most popular destination based entirely on word of mouth and repeat business. However we remain focussed on the wilderness values of the Red Centre and every trip is designed so that it feels like you have the trail to yourself.

Our trips cater to people from many walks of life, age groups and motivations. World Expeditions offers more than 30 tailored Australian itineraries that incorporate trekking, walking, rafting, cycling and climbing throughout Australia.

great walks of australia

World Expeditions and Australian Walking Holidays are a founding member of the Great Walks of Australia. This is a 'best of' selection that uses our high end trekking experiences with the aim of putting Australia on the map as a truly world class walking destination. This industry led collective joins together ten of Australia's best walking holidays, characterised by exclusive, special accommodation that compliments the walk perfectly. Lodges are exclusive to each organisation and are not open to the general public, ensuring that each of the Great Walks of Australia is truly one of a kind. The ten walks are Cradle Mountain Huts Overland Track, The Maria Island Walk, The Bay of Fires Walk, the Freycinet Experience Walk, The Twelve Apostles Walk, The Arkaba Walk, Scenic Rim Trail, Murray River Walk, Cape to Cape in Luxury and our very own Larapinta Trail.

the trip

Since 1995 – when we offered the first commercial trek in this outstanding walking destination – we have led the way on the Larapinta Trail and our exclusive semi-permanent campsites continue to set the standard, winning us the 2016, 2017 and 2019 Ecotourism award in the Brolga Northern Territory Tourism Awards.

On this fully supported trek you walk with just a day pack to explore the best sections of this iconic desert trail: from the high ridge lines of the West MacDonnell Ranges you'll see the vast flood plains that form this ancient land. You'll be dwarfed by the immensity of Ormiston and Serpentine Gorge and soothed by their idyllic waterholes. You'll be amazed by dramatic colour changes in the rock formations at Simpsons Gap and Standley Chasm... and to top it all of you'll climb to the lofty peak of Mt Sonder to watch the sunrise (1,380m).

At the end of each day we relax in comfort at our architect-designed camps – including hot showers, comfortable lounges and heated dining shelter – as our guides prepare gourmet 3-course dinners around the campfire. Our exclusive camps combined with passionate guides, spectacular food, and an unsurpassed itinerary make this tour the ultimate Larapinta experience.

DAY 2 Nick's Camp to Simpsons Gap (7km) then to Standley Chasm (2km)

From Nick's Camp we continue west through magnificent, shady Bloodwoods and tall Ironwoods, the dominant trees on this narrow alluvial flat. We may catch sight of Black-footed Rock Wallaby as we approach one of the most important waterholes of the area, Simpsons Gap. A short transfer takes us to the stunning Standley Chasm where you will enjoy a talk about indigenous culture. All departures will journey into Arrernte country for a cultural conversation. After a delicious picnic lunch and a walk into the magnificent Chasm – a private reserve still run by the traditional owners – we transfer to back to our campsite.

Walking Time: 3-5 hours

DAY 3 Serpentine Gorge to Charlie's Camp (16.5km)

Today's highlight is the 5km walk along the crest of the high ridge leading to Counts Point. From here we have clear views of Central Australia's western horizon to Mt Zeil (1531m), the highest peak in the Northern Territory, and Mt Sonder which marks the end of the Larapinta Trail. We can also see the huge comet crater of Gosse Bluff, a feature of the landscape for the next few days. We descend from the high ridgetop through mysterious stands of mulga trees.

At the base of the ridge we follow a track of dolomite limestone toward camp; keep your eye out for fossil stromatolites under foot, one of the most ancient forms of life. Stepping off the main trail, we follow our private track to Charlie's Camp, named in honour of pioneering Larapinta guide Charlie Holmes. Tonight's camp is nestled in secluded wilderness at the foothills of Counts Point. Spend the evening relaxing around the campfire while your guides prepare a scrumptious dinner.

Walking Time: 5.5-6.5 hours
 meals: B,L,D

DAY 4 Charlie's Camp to Ochre pits (8km)

After another wonderful breakfast we walk out of camp to the breathtaking Inarlanga (Echidna) Pass, visiting Serpentine Chalet en route. We spend some time in the magnificent pass to enjoy the peace and marvel at the ancient cycad palms. From here we trek south-west to an original ochre quarry, a sacred Aboriginal site. The rainbow of vibrant colours on the wave-like ochre wall makes for stunning photos. We then break for a picnic lunch and an early finish in preparation for our big day tomorrow.

This afternoon you can relax at Glen Helen Homestead Lodge. We transfer west to one of our exclusive Camps. Fearless – named in honour of trekking guide Sue Fear, or Sonder Camp - named after the majestic Mt Sonder. Both Camps are located at the foothills of Mount Sonder.

Walking Time: 3-7 hours

DAY 5 Early morning sunrise walk up Mount Sonder 1380m (16km)

Your guides will have you up early this morning (2-3am) for our pre-dawn walk up Mount Sonder. Weaving your way up to the 1380m summit of this majestic mountain following only the glittering light of your head-torch, surrounded by deep and peaceful darkness, is a truly inspiring experience... and watching the sunrise

Advice for people with limited mobility

This trip is not suitable for people with limited mobility.

from the top is unforgettable! Mount Sonder is the official end and highest point of the entire Larapinta Trail and as such we have expansive views across the entire vast landscape we have been exploring over the last few days.

We descend to Redbank Gorge and can enjoy a great brunch back at camp. If time permits in the afternoon we may visit the Glen Helen Homestead at the base of the range where we can relax with a drink. A short transfer returns us to camp looking back up toward Mt Sonder.

Walking Time: 6-7 hours
meals: B,L,D

DAY 6 Ormiston Pound Walk (8km), transfer to Alice Springs

This morning we enjoy the best side walk of the entire Larapinta Trail: Ormiston Pound. The Pound offers an immense variety of extraordinary scenery and is the perfect walk to complete our journey. We explore the upper reaches of the Gorge where we may see Rock Wallabies scamper about the imposing cliffs, and follow the track through scrub filled with native birds: Spinifex Pigeon, Budgerigar and Mistletoe Bird. Keep an eye out overhead for the majestic Wedge-tailed Eagle, Australia's largest raptor.

After lunch we board the bus and transfer to Alice Springs. Sitting back and watching the now familiar ancient desert landscape slide by the bus window gives most trekkers a sense of awe and satisfaction. Congratulations on all you have achieved over the last six days! We will drop you to your accommodation at approximately 4-5pm. This evening your group may like to arrange a celebratory dinner together at one of Alice's great eateries.

climate

In the Centre, the four traditional seasons are more distinct and temperatures are more extreme than in most other parts of Australia. Trekking in winter (June to August) is very pleasant with light winds, and daytime temperatures averaging 15-25C or 60-80F. However, winter nights often plummet below freezing and there are frequent frosts; please make sure that you prepare for the cold evenings on winter treks.

The shoulder seasons of April, May and September are also wonderful for walking: nights are milder and frosts are unlikely. Temperatures during the day are generally hotter which sometimes requires an adjustment to the itinerary, ie: less walking and more swimming! Though rain is not common on the Larapinta Trail, it is necessary to be prepared for all weather at all times. Extreme wet, dry, hot and cold conditions are all part of the experience of Outback Australia.

a typical day

The detailed itinerary indicates the walking distances for each section of the trail. We walk from gorges to ridgelines, and as such there is a reasonable degree of uphill and downhill climbing and the rocky ground can be rugged at times. Each day, each group, each guide influences itinerary details but the following gives you an idea of daily timing:

Mornings start with a hot drink call from your guides. They then prepare a scrumptious breakfast whilst you pack up your equipment and prepare for the day. After breakfast we set off for the day's walk. The morning walk is usually 3-4 hours with numerous breaks along the way.

thoughtful travel

The natural environments that you'll travel through are fragile; the cultures and traditions precious and often the communities we pass through are reliant on tourism. It is our responsibility as visitors to minimise the impact of our presence, protect what is precious and where we can leave a positive impact. Learn how you can do this by downloading the Thoughtful Traveller booklet from our website.

trip grading Introductory to Moderate

The Classic Larapinta Trek is graded introductory to moderate. This trek involves walking 5-7 hours each day over rugged terrain with some steep ascents and descents. The trail conditions of the Larapinta Trail are rocky, rugged, hard surfaced and dry. While a number of sections of the trail wind through open plains, undulating areas and relatively flat country, overall, the trail is characterised by rocky, stony and mountainous terrain which can rise from 680m above sea level to more than 1,200m along some sections.

Suggested preparation: We recommend regular exercise 3 or 4 times per week (this can be cycling, jogging or walking) in the months leading up to your trip. At least once a week, you should walk with a weighted day pack (5-7kg) for several hours for leg strengthening and aerobic fitness. The best way to train for an active holiday is to simulate the activity you will be undertaking on the trip. Train for uneven terrain by finding a hilly, rough narrow bush track, and go for a lovely long walk in your trekking boots.

A leisurely picnic lunch is served on the trail which provides the chance to take off your pack, put your feet up and enjoy the magnificent scenery.

The afternoon walk is usually shorter than the morning walk, getting us to camp with time for a hot shower, exploring, or just relaxing by the campfire with a drink and a chat. Some sections of this tour require a short vehicle transfer to and from the start of the trail. Over a delicious 3-course dinner your guides will give a briefing on the following day's activities and tell a few stories before heading off for the night's rest.

private eco campsites

Since 1995 World Expeditions has led the way in this outstanding trekking destination and our new stylish semi-permanent campsites continue to set the standard on the Larapinta Trail.

We have worked with Neeson-Murcutt Architects to design innovative, stylish and sustainable semi-permanent campsite facilities that will enhance the experience of trekkers while at the same time minimising environmental impacts. The design won the 2014 NT Architecture Award for Small Project Architecture.

Our innovative new campsites give trekkers a relaxing base to enjoy the outback solitude between walks while enjoying the pristine desert scenery. The kitchen, lounge and dining shelter are set on a raised platform out of the dust. The comfortable lounge is a great place to relax in a cool and shady open sided haven on warm afternoons, while also offering a heated shelter during the cool nights. The dining wing offers stylish table setting for the entire group while the campfire circle is an informal area to relax around the fireplace.

The composting toilets are in a clean and airy amenities shelter and use a special compost system that breaks down waste without using water or chemicals. The hot showers give trekkers a welcome way to wash away the dust of a good days walk on the Larapinta Trail.

The tents are a custom built safari tent, each 2.4m x 2.4m x 2.1m, offering plenty of room for two people, swags and gear. A stretcher bed provides a comfortable bed base off the ground. The inner tent has mesh walls so it is easy to remove the fly and sleep under the stars. The sturdy canvas tents also offer great protection if bad weather threatens.

There are 4 semi-permanent campsites in private wilderness locations spread along the trail and you will camp one or two nights in each.

1. Nick Murcutt's Camp near Simpsons Gap, named in honour of the architect, approximately 30 km west of Alice Springs
2. Charlie Holmes Camp near Serpentine Chalet Dam, approximately 130 km west of Alice Springs
3. Fearless Campsite, near the base of Mt Sonder and approximately 210 km west of Alice Springs
4. Sonder Camp, at the base of Mt Sonder and approximately 210km west of Alice Springs.

These campsites would not be possible without a strong partnership with Aboriginal Traditional Owners and the NT Parks and Wildlife who jointly manage the land. This partnership ensures that the benefits of trekking tourism are shared equitably with the Aboriginal Traditional Owners whose land we walk and camp upon.

meals during the trek

World Expeditions aims to provide high quality, interesting and nutritional meals for all our guests. Wherever possible we use fresh, locally sourced and carefully selected produce, stored and transported so as to maintain freshness and quality. There is often plenty of fresh fish, meat or other protein based main dishes and fresh salads. On most trips we re-supply with fresh food every few days however on some more remote trips we may go longer before we can stock up on fresh food.

Our guides have remarkable wilderness culinary skills and pride themselves on the variety and standard of their meals, and the ability to cater to most dietary requirements (e.g. vegetarian or

adventure travel

By its very nature adventure travel involves an element of the unexpected. In remote and developing countries do not expect standards you are used to at home. Remote areas are sometimes unpredictable and itineraries may be altered. To get the most out of your adventure it is important that you are flexible, positive and eager to take on all the challenges that arise. If you are uncertain about your suitability for this trip we recommend that you speak with your consultant or travel agent.

important note

These trip notes represent the most current information for this itinerary, and may supersede any information in the current brochure, including but not limited to the itinerary and price. The itinerary should be seen as a guide only. This itinerary may change at any time due to inclement weather, forces of nature and other circumstances beyond our control.

gluten free). Please ensure you let us know if you have a birthday or special occasion during the trip so we can help you commemorate the occasion! The following is a general guide:

-Breakfasts: Ranges from cooked eggs and bacon on toast, to continental (fruit, cereal, yoghurt). Always accompanied by fresh coffee and hot drinks.

-Lunches: Depending on the trip, you may prepare your lunch such as wraps or sandwiches in camp before the day's trek. Or we may have a picnic style lunch on the track with a wide selection of bread rolls, wraps, deli-meats, salads and spreads to prepare a tasty lunch how you like it.

-Dinners: 2-3 courses. The main meal is usually a classic outback style meal such as grilled barramundi, camp-oven roast, or perhaps a tasty stirfry or pasta dish.

-Snacks: Your guides will always have plenty of trail snacks available such as muesli bars and fruit. In the evenings we often serve hors d'oeuvres around the camp re while dinner is being prepared.

dietary requirements

Provided we are advised in advance of your departure we are able to cater for vegetarian diets and can assist with medically recommended diets (allergies and intolerances). Please ensure you discuss your requirements with us well in advance (at least 1 month prior to your trip) to determine whether we can cater to such dietary requirements on your chosen adventure. Please note that options are likely to be limited in very remote locations or alternatives may be more expensive or unavailable. There may be times when those with special requirements may need to provide their own food. We are unable to guarantee a peanut-free or allergen-free trip, and therefore, we strongly encourage that travellers with life-threatening or severe allergies take all necessary medical precautions to prepare for the possibility of exposure. Passengers must travel with all necessary medications for food allergies and be capable of self-administering these medications.

accommodation on the trip

During the trip we stay at our exclusive semi-permanent wilderness campsites. Nestled amongst the hills just off the Larapinta Trail, these camps offer a relaxing and comfortable stay in remote locations. Our exclusive campsites are fully set up, so there is no need to worry about pitching or packing away tents. Each site has a large covered area in which to relax at the end of a day of walking, with lounges, dining table and kitchen. Beside this shady communal space is our campfire, the perfect place to gather as the sun sets.

The toilet facilities are clean and comfortable. All toilet waste goes in to a composting tank, ensuring the environment is protected. There are simple shower facilities: a bucket of water heated over the fire is strung up, providing a few minutes of wonderful hot shower. All water is brought in by tanker as there are no suitable local water sources in the arid ranges.

The safari-style tents offer plenty of room for two people and gear. Luggage should be kept in the tent at all times, preventing dingoes from taking shoes and other items. You sleep on a stretcher bed in a swag. The stretcher beds raise you 40cm off the ground and offer a firm, flat base for the comfy swag mattress. The swag is a 5cm thick foam mattress inside a canvas cover. We provide a cotton fitted sheet, pillow, and pillowcase which you keep for the entire trip. You can take your swag outside the tent and sleep under the stars if you are looking for that real outback experience.

Sleeping bags are essential for warmth. You can bring your own or hire (please contact World Expeditions if you would like to hire). We ask that you provide your own inner sheet if you hire a sleeping bag. Most groups are made up of a mixture of single participants and couples. If you are

travelling independently you will share a tent with someone of the same sex; this usually sorts itself out naturally.

pre and post tour accommodation

If you would like advice on where to stay in Alice Springs before and after your trek, please ask your World Expeditions reservations consultant.

what you carry

The Larapinta Trek is a fully supported trek. You will carry just a day pack containing the following items:

- Water for the day's walk (3L)
- Sunhat, sunglasses & sunscreen
- Snacks for the day, provided by your guides
- Waterproof and warm layers
- Camera and any other personal items

Depending on the amount of personal items you decide to carry, your day pack will weigh approximately 5-8kg. Your luggage will be transferred by the support vehicle. Please keep luggage to one soft duffle bag per person; please do not bring hard suitcases or extra large duffles as these are hard to transport.

equipment required

Specialist gear is required include walking boots, head-torch and day pack. You will receive a comprehensive gear list for this tour with your confirmation documents. This list has been compiled with our experienced knowledge of the local conditions and we ask that you read and adhere to it; having the correct equipment will ensure you stay comfortable and get the most out of your wilderness experience.

protecting the environment

World Expeditions has created exclusive semi-permanent campsites that are specially designed to reduce the impact of trekkers on the environment. These camps have specially designed composting toilets so as to ensure that no waste enters the environment. Solar lighting systems provide sustainable and reliable light. Hot water is heated in an outback style, gas fired 'donkey' water heater. All firewood is supplied from sustainable sources outside the National Park. All waste and rubbish is removed from the camps on a regular basis: food waste is composted, bottles and cardboard are recycled, and non-recyclable rubbish is disposed of in municipal waste.

Our campsites are in the National Park therefore animal sightings often occur; we see dingoes, perentie, hopping native mice, and variety of birds, even while in camp. We respect the presence of local fauna and hope to share with you the excitement of seeing them in their natural habitat but not disturbing them.
